

HEALTHY FOOD ENVIRONMENTS STRATEGY PLANNING

Use the table to brainstorm which strategies you might be interested in implementing. Identify your ideas, potential challenges, and ways to address the challenges that have come up.

Healthy Food Environment Strategies	Ideas for Implementation (e.g., what do you want to promote or make more accessible with this change)	Potential Challenges to Implementation	Ways to Address Challenges
Convenience			
What resources do I HAVE to implement this?			
What resources do I NEED to implement this? (e.g., shelving, signage, baskets, training, change in layout)
