

Leading with Purpose

This worksheet will serve as step 1 in developing and implementing a nutrition policy.

Who do you need to involve?

Who are the key stakeholders that will be affected by this process? Who should you involve in the development and implementation of your nutrition policy?

What strategies will you use to engage your stakeholders? How will you communicate about processes, decisions, and results?

What is your purpose in developing a nutrition policy?

What are the top three changes you would like to see because of your nutrition policy?

Why are these changes important to you?

My policy will exist to...

What are your must do's and must not do's when it comes to creating and implementing a policy?

Think about all your diverse stakeholders. What are the must do's and must not do's for your shoppers? Your agency's values? Your primary donation partners?
